This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

STATE OF MICHIGAN

Department of Public Instruction

LANSING

April 1, 1917.

In accordance with the provisions of Act No. 315 of the Public Acts of 1913, I give herewith a revised list of publishers and sellers of school textbooks who have complied with said law by filing in the office of the Superintendent of Public Instruction prices and sample copies of textbooks and who have also complied with the other provisions of said law. Such publishers and sellers of textbooks are therefore authorized to do business in Michigan.

This list contains all lists of books and prices of companies properly filed under the law. The prices contained in this list prevail.

Fred L. Keeler

Superintendent of Public Instruction.

COPY OF TEXTBOOK LAW

ACT NO. 315 OF THE PUBLIC ACTS OF 1913

To regulate the sale of school textbooks

The People of the State of Michigan enact:

SECTION 1. No person shall offer any school textbook for adoption, sale or exchange in the state of Michigan until he shall have complied with the following conditions:

1. He shall file copies of all textbooks sold by the company manufacturing such book, in the office of the state superintendent of public instruction with a sworn statement of the usual list price, the lowest wholesale price, and the lowest exchange price at which said book is sold or exchanged for an old book on the same subject of like grade and kind but of a different series.

2. He shall file with the state superintendent of public instruction a bond running to the people of the state of Michigan, with a responsible surety company authorized to do business in the state of Michigan as surety thereon, in a penal sum to be determined by the state superintendent of public instruction, not less than two thousand dollars nor more than ten thousand dollars, conditioned as follows:

(a) That he will furnish any of the books listed in said statement and in any other statement subsequently filed by him within five years, to any school district and any school corporation in the state of Michigan at the lowest price contained in said statement and that he will maintain said price uniformly throughout the state;

(b) That he will reduce such prices automatically in Michigan whenever reductions are made elsewhere in the United States, so that at no time shall any book so filed and listed by him be sold in the state of Michigan at a higher net price than is received for such book elsewhere in the United States;

(c) That all textbooks offered for sale, adoption, or exchange in the state of Michigan, shall be equal in quality to those deposited in the office of the state superintendent of public instruction as regards paper, binding, print, illustrations, subject matter and all other particulars that may affect the value of such textbooks;

(d) In case he shall prepare an abridged or special edition of any of the books so listed by him, and shall sell such special edition elsewhere at a lower wholesale price than the wholesale price scheduled with the state superintendent, he shall file a copy of such special edition together with the price therefor, as above stated, with the state superintendent of public instruction;

(e) He shall not enter into any understanding, agreement or combination to control the prices or to restrict competition in the sale of school textbooks.

SEC. 2. Such bond shall be approved by the attorney general and shall continue in force for the period of five years after its filing, at or before the expiration of which period a new bond shall be given, or the right to continue business within the state shall be forfeited.

SEC. 3. The state superintendent of public instruction shall, within thirty days after the filing of any list and bond, send a copy of the list to the school authorities in each district in the state, and he shall annually publish and send to each school district in the state, a copy of all such lists then in force in his office.

SEC. 4. It shall be the duty of all superintendents and principals of schools in the several districts of this state, to notify the county commissioner of schools of the county in which they respectively reside, of any violation of any of the conditions contained in said bond that shall come to their knowledge: Provided, That in school districts included in whole or in part within the limits of incorporated cities such reports shall be made to the board of education of the district, and it shall thereupon be the duty of such county school commissioners, and of such boards of education to investigate the alleged violation, and if they shall determine that there is good ground for believing that said conditions have actually been violated, they shall forthwith report the matter to the state superintendent of public instruction, and he shall thereupon notify the person guilty of such violation to comply with the conditions of his said bond and to make good any loss or injury that may have been occasioned by such violation within a reasonable time to be inserted in said notice. If the person so notified shall fail to comply with the requirements of the notice, the said superintendent of public instruction may thereupon suspend his right to sell school textbooks within the state of Michigan until he shall so comply. In case any person who has given the bond aforesaid shall refuse to comply with the provisions thereof, or shall persistently violate the same the said superintendent of public instruction shall declare his bond forfeited and the attorney general shall bring suit thereon in any court having jurisdiction thereof. In case judgment shall be rendered in favor of the state on such bond, judgment shall be entered and damages assessed for the penal amount thereof, and when paid, it shall be placed to the credit of the primary school interest fund. In case judgment is rendered against the principal in such bond, he shall be barred from further continuance of his business within the state of Michigan for a period of five years.

SEC. 5. No person shall secure or attempt to secure the sale of any school textbooks in any school district in this state by rewarding or promising to reward any teacher in any school in the state or by securing for him any position in any other school. No person shall offer or give any emolument, money or other valuable thing, promise of work or any other inducement to any teacher or school officer in any school district for any vote or promise of vote or for the use of his influence for any school textbook to be used in this state: Provided, That nothing in this section shall be construed to prevent any person

from giving, or any school officer or teacher from receiving, a reasonable number of sample copies of school textbooks for examination with a view to obtaining information as to the book or series of books for which such officer shall give his vote.

SEC. 6. It shall be unlawful for any retail dealer in textbooks to sell any books listed with the state superintendent of public instruction as hereinbefore provided at a price to exceed fifteen per cent advance on the net wholesale price as so listed.

SEC. 7. School districts are hereby authorized to purchase textbooks from the publishers at the prices listed with the state superintendent of public instruction as hereinbefore provided and to sell said books to the pupils at said listed prices or at such prices as will include the cost of transportation and the cost of handling.

SEC. 8. School districts are hereby authorized to purchase textbooks from the publishers at the prices listed with the state superintendent of public instruction as hereinbefore provided and to designate a retail dealer or dealers to act as the agent of the district in selling textbooks to pupils. The said dealer or dealers shall at stated times make settlement with the district for such books as have been sold up to the stated time. Said dealer or dealers shall not sell textbooks at a price which shall exceed a ten per cent advance on the net wholesale price as listed with the state superintendent of public instruction.

SEC. 9. The word "person" as used in this act shall include firms, associations and corporations.

SEC. 10. When a family removes from one school district to another within the state, the treasurer of the district shall purchase, out of the contingent fund, the textbooks in actual use by the children of the family at a fair price, based on the condition of the books; the said books to be re-sold, when necessary, to other pupils moving into the said district.

SEC. 11. Any person violating any of the provisions of this act shall, on conviction thereof, be punished by fine not exceeding five hundred dollars, or by imprisonment not exceeding three months or by both such fine and imprisonment at the discretion of the court.

SEC. 12. All acts or parts of acts inconsistent herewith are hereby repealed.
